

**Join AFDOP for the 17<sup>th</sup> Annual EarthFair!!**

**EarthFair 2006**

**Sunday, April 23--Balboa Park--10am - 5pm**

**EarthFair** is the largest free annual environmental fair in the world.

Each year, the **EarthFair** draws around **60,000 visitors**.

Exhibitors represent every type of environmental organization, governmental program and commercial enterprise with goods, services and causes that address our environment and quality of life.

This is the second year that **AFDOP** has reserved a booth at **EarthFair**. Last year we had tremendous success in distributing materials about the **Department of Peace** Bill to hundreds of interested attendees. We will also, once again, be displaying the Marianne Williamson/Dennis Kucinich video and asking for donations for **Department of Peace** buttons, bumper stickers, t-shirts and business cards. This is a great opportunity for you to enjoy the **EarthFair** while advocating for the **Department of Peace** Bill.

**We need your support** in staffing the **ADFOP EarthFair** booth between the hours of **9:30 a.m. and 5:30 p.m.**, including setup and take-down. If you can dedicate two or three hours, please email us and let us know what time you will commit to staffing the booth. If you are able to help take materials to and/or from the event to set up and/or take down, please let us know that also. We will provide information about our booth location as soon as it has been assigned.

If you are more inclined to simply spend the day perusing the **EarthFair** and are not interested in staffing the **ADFOP** booth, please stop by and show your support for this important Bill.

For more information about **EarthFair**, visit the San Diego EarthWorks website at:
